GRACE ROBINSON HYDE
Chief Engineer and General Manager

Beth Alpante
Quality Assurance Officer
Advanced Technology Laboratories
3275 Walnut Avenue
Signal Hill, CA 90755

May 9, 2014
Lab I. D. No. 10196

Dear Ms. Alpante

The Sanitation Districts' *Wastewater Ordinance* specifies that all required industrial wastewater analyses be performed by a California State Certified laboratory or by a laboratory approved by the Sanitation Districts.

The Districts recognize your laboratory accreditation by the California Department of Public Health, Environmental Laboratory Accreditation Program Branch. The Districts will accept sample results from the use of appropriate methodologies, as determined by the Districts, that you are certified to perform as denoted on certificate number 1838. The Districts' laboratory identification number appearing on this letter **must** be included on all analysis reports submitted to the Districts.

Continued recognition of your certification shall be maintained by periodic satisfactory completion of performance sample analyses, compliance with Districts' requirements and an adequate rating on any future visits by Districts' personnel. Please notify the District upon any changes of name, address, telephone number, or supervisory personnel. Failure to do so may result in the immediate revocation of your Districts' laboratory identification number.

If you have any questions regarding this laboratory approval, please contact David B. Whipple of the Sanitation Districts' Industrial Waste Section at extension 2909.

Very truly yours,

Grace Robinson Hyde

Linda M. Shadler
Supervising Civil Engineer
Industrial Waste Section
